

Waranty Centers & Information

AIRCAT® air tools are warranted to be free from defects in material and workmanship for 1 year from date of purchase. We will repair or replace at our option any defective part or unit which proves to be defective in material or workmanship during this 1 year period. The foregoing obligation is AIRCATs' sole liability under this or any implied warranty and under no circumstances shall it be liable for any incidental or consequential damages.

AIRCAT® reserves the right to determine whether the product failed because of defective material, workmanship or other causes. Failure caused by alteration, misuse or accident are not covered under this warranty.

This warranty applies to the basic tool. It does not apply to normal wear and tear on attached accessories/consumable products such as drill chucks, backing pads for sanders, punch and die for nibblers, air hammer retainers, spray gun cups, or "kit" accessories, etc. which are not warranted.

Naturally, repairs required by abuse, misuse, damage, or repair attempts (by other than an AIRCAT® Warranty Center) are not covered by this warranty. Tools returned to warranty center with no problems, may have labor cost billed to tool owner at our discretion.

AIRCAT® will, at its discretion, repair or replace products covered under their warranty. Return tools to AIRCATs® authorized Warranty Center transportation prepaid.

Be certain to include your name, address, evidence of the purchase date, and description of the suspected defect.
